Tide of the Harvest Moon

The photo below and on the cover might have been shot at Portland, Maine and the tide would look most natural. The new moon of September lowered the boom on the harbor and bottom rock hidden for a long time appeared in the open air once again. At the tide's lowest, wind from the north pushed the harbor waters even further out for a most unusu sight in New England waters.

to increase its capacity.

When Mattapoisett joined Fairhaven's system in the early 1980s the town agreed at that time to double its daily limit of 250,000 gallons of sewage to allow for future town expansion, and Mattapoisett Selectmen were informed at that time the cost would be $52,000.

Morgan explained Fairhaven wants Mattapoisett to pay $282,000 which is based on the upper limit the town could use. Because of a change in state policy, Mattapoisett is not eligible for a state grant to pay for 90 percent of the cost, since Mattapoisett is only buying space in the plant expansion, whereas Fairhaven was required to increase its capacity on order from the state Department of Environmental Quality Engineering (DEQE) and will receive state funding.

Selectman James F. Huntoon said, "We made a commitment based on their (Fairhaven's) figures at that time. Essentially, we are being asked to sign a blank check for years down the road. No way will I do it. Fairhaven changed the ground rules, and I say clean out North Street, then back out."

Selectmen Chairman John DeCosta suggested the town could forfeit the $4,000 it has paid for its share of the design cost and let Fairhaven redesign the plant.

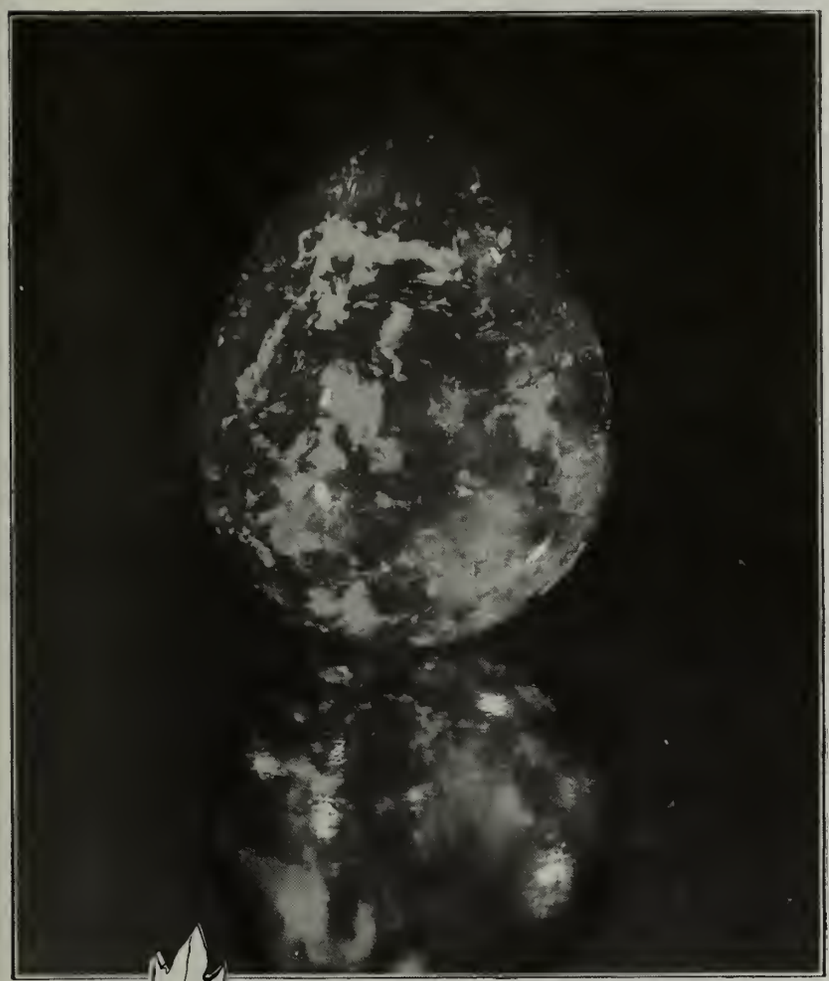
BIRTHSTONE FOR OCTOBER

THE OPAL



All the glorious colors of Autumn are to be found in the OPAL. The OPAL captures all these colors at once in a glorious "Bonfire of Color".

As a birthstone, the OPAL is considered the symbol of Hope. For "who can look into an OPAL without seeing a rainbow?"

Once for a brief time, Sir Walter Scott's novel, "Anne of Gierstein" cast a shadow upon the OPAL'S reputation as a good luck omen because of the misfortune associated with this fictional heroine and the OPAL. But Queen Victoria soon restored this Gem to popular favor when she gave each of her daughters OPALS on their wedding days. During ancient times, Roman generals carried OPAL-topped staves to bring them good fortune in military campaigns. Pliny, the Roman historian, tells us that Mark Antony saw and coveted an OPAL ring belonging to a Roman Senator; Antony, of course, wanted it for Cleopatra, and when the Senator refused to part with it, Antony exiled him from Rome.

Chemically, the OPAL is a translucent gel form of Hydrated Silica. Background colors are white, black and reddish shades, usually with an internal play of color.

Today, Australia is the principal source of OPALS. The finest specimens display the most vivid play of color. The two most important classes are the "white" OPAL, characterized by a white of milky body color, and the "black" OPAL possessed of a darker body color. The "black" OPAL was discovered early in this century. They were shipped to London where the gem dealers were at first skeptical, but the public loved them because the brilliant display of spectral colors accented by the dark background had a most dramatic effect. In time, a fine gem of fourteen or fifteen carats was worth thousands of dollars.

The OPAL is meant to be used - and enjoyed - and should be worn and enjoyed every day of the year.

Selectmen suggested that the town replace old sewer pipes on North Street. Morgan explained almost 100,000 gallons of groundwater is leaking into the old pipes after a heavy rainstorm, thus costing the town money to pump clear water.

Wordell commented, "I don't like to close the door entirely because we may need the expansion at a later date."

In other business, Selectmen:

HEARD AN UPDATED REPORT from Council on Aging Chairman Robert Coquillette who noted the elderly population in Mattapoisett accounts for a one in six percentage - more than the school population. Elderly are counted as those over the age of 60, he said.

The chairman announced the Fuel Assistance Program will start on Thursday, October 23rd, at the Town Hall. Hours will be announced later by PACE, who will operate the program.

Coquillette cited facts that those over the age of 65 are the fastest growing sector of the United States population and is one in ten over-

all in the United States versus Mattapoisett's one in six. Statistics show that in 50 years one in five will be over the age of 65.

He said he was happy to report a Coastline survey on Mattapoisett's seniors disclosed people are well taken care of and have a good attitude.

The chairman noted adequate housing and in-home care are two pressing problems. In the country as a whole, five percent over 65 are in nursing homes; 95 percent over 65 are in homes being cared for by family or friends. He also reported the District Nurse is doing a great job; the Hospice Program centered in Wareham has recently recruited eight new people from Mattapoisett to become involved in voluntary help.

He added that Village Court is being faced with eventual expansion because of the need for such housing, and that the nutrition program is very successful at Legion Hall and the home delivered meals. The commodity distribution has been successful and services about 150 families. He also stressed the food distribution is on a needs basis and is not just for the elderly.

Coquillette outlined the steps the Council is taking to ascertain if a Senior Center is needed in Mattapoisett. He noted he was not at all sure a center is necessary, but felt the people should know of the possibility. He said Attorney Robert D. Moore is chairman of a sub-committee to look into the needs of a

Senior Center. One of the main objectives to having a center would be to move the District Nurses' office and the Council on Aging office from the second floor of the Town Hall. Both are needed by the elderly and both are difficult to reach for those having a problem climbing stairs.

Chairman DeCosta said the seniors had free access to the Legion Hall when it is not being used for other purposes.

RECEIVED WORD from the State DEQE and the State Division of Marine Fisheries that results of tests taken at Pine Island Pond indicate that the oysters are safe for human consumption. These oysters are those contaminated oysters relayed from Eel Pond.

The defined area approved include: "the waters and flats and all tributaries of an area of Mattapoisett Harbor known as Pine Island Pond, east of a line drawn southeast for a distance of 175 meters (575 feet) from the south end of Island Street to the north tip of Strawberry Point".

State Help for Roof

The State Department of Revenue has not only offered to pay the first year's payment of $26,000 on the 11-year bond issue to replace the roof of Old Rochester Regional Senior High School, but last Monday (September 22nd) a second offer was made to "sweeten the pot" -- to pay the $63,000 remaining on the senior high school's sewerage treatment plant cost. The announcement was made at a joint meeting in Rochester Town Hall, hosted by the Rochester Selectmen.

Senator William Q. MacLean commented on his involvement with the

state Department of Revenue and school district officials to reach this announcement. "It's now up to the voters in the three towns to carry through. If the towns aren't going to do their share, why should the Legislature?" Also present at the meeting was State Representative John Bradford, who has backed the school district and the towns in their efforts.

MacLean introduced Ed Collins from the Revenue Bureau who explained the funds are derived from the Governor's Emergency Funds and the offer was made by Frank T. Keefe, Secretary of the Executive Office for Administration and Finance. Keefe's offer is contingent upon the three towns agreeing on a new and more equitable formula for assessing capital costs. If approved, the state's new offer of the $63,000 is to cover the increased cost of the sewerage treatment plant, since the cost overruns were due in part to concerns raised by DEQE and subsequent modification of the original plan. The payment is a one-shot deal with no strings attached, Collins said.

Collins explained the most impact will be felt by Rochester due to its increased student population. Collins said that Rochester did not avail itself of a new growth factor under Proposition 2½ in the amount of $40,000 for fiscal 1983. Rochester did, however, receive a re-

calculation allowance for 1984 and 1985. The problem is "we (the state) set June 30 (1986) as the cut-off date to file for the recalculation. However, we could make an exception if Rochester did indeed experience growth in 1983". Rochester Selectman Fred Underhill commented he felt sure Rochester did apply for 1983, but "we're willing to try again". The total Rochester has accumulated is about $93,000 in unused capacity;

$40,000 unused from 1983, plus about $53,000 of fiscal 1986 growth -- these figures can become part of fiscal year 1987 budget. Collins noted he will recheck Rochester's fiscal 1983 recalculation figure.

Collins explained Mattapoisett has $174,628 in unused levy capacity, but cannot be recouped in 1986, as it become part of the fiscal 1987 levy limit. Mattapoisett has applied retroactively for new growth not reported in fiscal 1983 and 1984 to increase its fiscal 1987 levy limit. Marion has $3,070 in unused fiscal 1986 levy capacity. Marion has applied yearly for new growth increases to its levy limit; thus new growth has increased Marion's levy limit by $94,515 in fiscal 1986.

Louis Hayward, chief data manager of the Technical Assistance Bureau, explained the figures outlined in four pages of statistics that are designed to inform the public on how the basis of payment schedule was determined.

Under the proposed formula, Rochester would pay 26.51 percent of capital expenses for a total payment of $51,416 over the 11-year bond issue; Mattapoisett would pay 45.86 percent for a total payment of $88,945; and Marion's percentage of 27.63 would result in a total payment of $53,589. These figures are based on a state house note at 6.75 percent, with the first payment of $26,000 made by the state and 60 percent reimbursement by the state on the total note.

A resident asked if there was any other more attractive borrowing interest rate than the 6.75 percent. Hayward said, "No, there are no better rates at banks then the state house notes; plus, there are no up-front fees and no bond counsel fees to be paid". In response to a question from Marion Selectman Betsy R. Parks on whether the town's first payment would be due in 1988 or 1989, considering the state will pay the first year's payment, Hayward said it would depend on when the bond starts. "You (the towns) will have

to work with the ORR District School Committee when they finally go out for bonding."

Because there was no legal counsel present at the meeting, it was not determined by either the state officials or school officials if a 2/3 vote or just a majority vote is necessary to approve a bond issue. This will be determined before the first special town meeting. Mattapoisett will have its meeting on September 29th; Rochester's will be on October 6th and Marion's, October 7th.

Present at the meeting were Selectmen, town accountants and assessors from Marion, Mattapoisett and Rochester, in addition to a large representation of voters from the three towns.

Dollars for Scholars

PHONE-A-THON
SPONSORED BY MMR

The MMR Tri-Town "Dollars for Scholars" Program will sponsor its third annual phone-a-thon. The phone-a-thon will be held on Saturday, October 4th, from 10:00 a.m. to 6:00 p.m., and Sunday, October 5th, from 12:00 to 6:00 p.m.

Volunteers will be calling tri-town residents seeking pledges for the MMR Scholarship Fund. Since 1983, MMR has awarded over $60,000 to graduating seniors, re-entry students and continuing education students. When the MMR volunteer calls, remember it is your continued support that allows MMR to help area students finance their education.

Anyone interested in volunteering time to help with the phone-a-thon should contact Sue Hottel (758-4417) or Pat Ryan (763-2030). Calling will be done at Dunn Real Estate in Mattapoisett and Sippican Corporation in Marion.

Parent-Teachers Club

The Mattapoisett P.T.C. will hold their monthly meeting on Thursday, October 9th, at 7:30 p.m. at Old Hammondtown School. All interested persons are welcome to attend.

St. Rose of Lima Silver Jubilee

Twenty-five years ago on Columbus Day, Cardinal Cushing came to Rochester and dedicated the Chapel of Saint Rose of Lima. For twenty-five years this chapel (now a parish church) has been a place of worship and a gathering place of Rochester Catholic citizens.

The events being planned for the Silver Jubilee are a 5 p.m. Saturday Mass at Saint Rose of Lima Church on October 4th. It will be followed by a social hour at 6:30 and a great dinner in the Century House of Acushnet. The combination pot roast-turkey family-style dinner will be followed (from 8 p.m. to midnight) with dancing to the music of the Aristocrats.

This will also be a "farewell" social to the first pastor, Father Harold J. Johnson, of Saint Rose of Lima Parish. Father Johnson has served six very fruitful years to the parish. Many things have been accomplished: the building of a new church rectory; a very good religion class has been formed;

99th Birthday Celebration

The candles were lit and 5 generations gathered at Mattapoisett Nursing Home on Thursday evening, September 25th, in honor of Ethel DeTerra's 99th birthday. President Reagan's card was passed around and the youngest of the gathering went up to draw a smile of delight from the birthday lady herself as she sat with a bright afghan on her lap surrounded by her family.

up in Havana Harbor. Orville and Wilbur Wright's first successful heavier than air flight took place at Kitty Hawk when she was 16, so would surely have excited her imagination, and at 19 she would have read about the San Francisco earthquake. She would have read about the first transcontinental telephone conversation between Alexander Graham Bell and Thomas Watson. She would have experienced two world wars, Lindbergh's flight to Paris and man's first walk on the moon among many exciting ventures of the twentieth century.

A lot happens in 99 years and a person who lived through it all sits placid with a gentle smile on her face surrounded by the generations she herself founded.

The party was given by the Fairhaven V.F.W. Post 2892, Ladies Auxiliary.

Mrs. DeTerra was born in Fairhaven and resided there until 21 years ago when she became a resident of Mattapoisett. She holds the Boston Post Cane, presented to her 4 years ago, as Mattapoisett's oldest resident. She has two daughters, one son, five grandchildren, nine great grandchildren and four great great grandchildren.

Rochester Selectmen meet with Supt.

Prior to the joint meeting with the Tri-Town Selectmen and state officials regarding the ORR Senior High School roof, Rochester Board of Selectmen on Monday (September 22) discussed financing the new roof cost with District School Superintendent Joan Walsh and School Committee Chairman Kathleen Reis.

Selectmen Chairman David L. Hughes asked, "What's going on?" to Miss Walsh. Mrs. Reis interjected a comment saying, "Miss Walsh is an employee of the school committee, and it is not fair to subject her to certain questions - she only carries out our policies."

Miss Walsh, however, did attempt to answer Selectman Frederick W. Underhill's queries. The first: "Do you have any idea the number of students Rochester can anticipate in April 1987?" She said, "No, but we are in the process of conducting a census." A second question: "Is there a contract in place for both schools (Rochester Memorial and ORR Junior and Senior High Schools)?"

She replied yes, but that there have been some level changes in staff, and "we are not clear if we have sufficient funds in the present budget." Assistant Superintendent Andrew J. Santos informed Selectmen "we are now at our lowest in reserves - our surplus has run out."

Underhill pointed out "we have to run a town as well as the schools and we need new revenues. We are in for a real dogfight along the way, and something has got to give." Miss Walsh responded saying, "I have no intention of participating in a dog-fight. Salaries are a large part of the budget and we cannot reduce the budget. You will have to look at other avenues; such as overriding 2½ for the school budgets. It's not wise to let your investment be destroyed. It's a matter of educating the people that Rochester's percentage is increasing." Additionally, Miss Walsh said she didn't know the School Committee was going to vote the bond issue at their last meeting. I recommend things - they decide," said Miss Walsh.

Underhill appeared disturbed that the Superintendent didn't know what was going to be voted. Miss Walsh said it is difficult for a regional school committee to make everyone happy. She said they've tried to accommodate the town; members of the school committee, Mr. Santos and Miss Walsh have gone to the State many times to try to get things done.

Walsh, Selectman Michael Cambra said he supported fixing the roof, but that he, personally, resented the school committee's attitude of "Rochester be damned". "I feel that the night at the high school when the school committee discussed the roof repair with the town's Selectmen and the public, that the gobbly gook we heard for 45 minutes was orchestrated."

Looking at a calendar on the wall, Cambra said, "Why didn't you wait for our town meeting rather than push us? Did you discuss the impact on all the towns regarding the 45 days' wait when you voted the bond issue? If you want cooperation, you've got to give us some." Mrs. Reis replied that "Yes, we did discuss the date problem, and that after the vote was taken the procedures of special town meetings had to follow state laws."

Underhill concluded his comments saying Rochester has paid its fair share on the per pupil operating costs. He noted the 12 percent pay

raises at the district were high. "Also, I thought the computer was a one-year capital cost and the next year there would be just operational expenses. Now I see you have another capital cost for computers. I want to know why," Underhill asked. "I have lost confidence and faith in the budgets." Mrs. Reis again interjected saying, "These questions should be addressed to the school committee at a later date and not to Miss Walsh."

Get the inside track on lower heating bills.

Install magnetic interior insulating windows from BFGoodrich.

• Lowers energy costs • Reduces drafts • Minimizes condensation • Lowers noise levels • Matches any decor • Cleans easily

With BFGoodrich lightweight, insulating interior windows in place this winter, your money won't fly out the window. Designed to form a magnetic airtight seal around primary windows, BFGoodrich magnetic windows can reduce drafts, double the insulating value of your windows, and cut your heating bills. Typically, these windows pay for themselves in less than three years.

Contact the dealer(s) listed below today for a no-obligation, in-home demonstration.

And insulate yourself against high heating bills. BFGoodrich

Mattapoisett Seniors

TO MEET OCTOBER 16

The October meeting of the Mattapoisett Seniors' Club will be held on the 16th, instead of the 11th, at 1 p.m. in St. Anthony's Church Hall.

Members should note that in addition to the date change there has been a change in the time of the meeting - from 1:30 p.m. to 1 p.m.

The program for the afternoon will be an auction, to be led by Mrs. Jane Welch and Mrs. Esther Fortin. Books will also be sold by Mrs. Agnes Pelczar and Mrs. Elizabeth Marchessault.

Refreshments will be served by a committee headed by Mrs. Rita Rothwell.

The executive board will convene at 12:30 p.m.

Rochester Seniors

MEETING DATE CHANGED

The October meeting of the Rochester Senior Citizens Club will be held Tuesday, the 7th, at 1:00 p.m. at the Rochester Woman's Club. Refreshments will be served, and bingo will be played. Please bring prizes for bingo.

For people going on the Bellows Falls, N.H. trip on October 8th, the bus will leave Rochester Vestry park-

Rochester Memorial School

Chief Red Dawn, a full-blooded Santee Sioux Indian, and his adopted son, Blue Eagle, will be returning for a second year bringing "Legend into History" to the students of the Rochester Memorial School on October 8th, at 10:00 a.m. and 1:30 p.m.

Enthusiastically applauded by eleven schools that are members of S.U.C.C.E.E.D. last year, this year seventeen member schools will take part in the block booking. The program combines rarely seen authentic Indian dances, folklore, and recollections. As an educator and folklorist, Chief Red Dawn seeks to dispel Indian stereotypes with his dignified presentation of stories from his childhood. Interspersed are the colorful and intricate, awe-inspiring dances of Blue Eagle: The Spirit Deer Dance, The Fancy Oklahoma War Dance, and the extraordinary Jemez Pueblo Hoop

The young artists have learned that Millet was born in the house on the corner of Cannon and Water Streets. The house bears a plaque which explains some of the highlights of Millet's life.

Millet was an artist, and in his later years he specialized in historical murals. His untimely death occured in April 1912, when he lost his life with the sinking of the Titanic. In his jacket pocket were the plans for his next mural, to be painted on the rotunda of the New Bedford Public Library.

At the library the students will see the rotunda and one of Millet's most famous paintings, "The Black Sheep". Also, Mr. Paul Cyr, Curator of Special Collections, will talk with the students in more detail about the importance of Francis D. Millet.

In memory of Millet the student/artists of thrd grade have created their own historical mural. The title is "Summer History". It is on display on the bulletin board outside the Center School office. Parents and friends are invited to view the creation during school hours in the month of October.

EMT Week Proclaimed

Story and photo by VIRGINIA ARRAL

The Mattapoisett Board of Selectmen proclaimed the week of September 27 as Emergency Medical Service Week (EMT) in recognition of the 10th annual EMS Week, sponsored by the Office of Emergency Medical Services of the Massachusetts Department of Public Health in cooperation with the American College of Emergency Physicians.

Police Lt. James A. Santos, Ambulance Administrator in conjunction with Police Chief James A. Moran, and Officer Joseph "Skip" Faulkner met with Selectmen last Tuesday to announce the proclamation. Faulkner is a primary EMT recertification instructor in the program. Selectmen Chairman John DeCosta said, in speaking for the Board, he is very proud of the department and of the fine work they are doing.

saving care to citizens in need in every city and town of Massachusetts and is a vital and essential service to the citizens of our communities. The Proclamation cited the thousands of our police and fire department members, physicians, nurses and emergency medical technicians who have been trained in the life-saving care and treatment of medical and trauma emergencies.

Thousands of our citizens have learned to access their local emergency medical services systems and are continuing to learn techniques of First Aid and Cardiopulmonary Resuscitation (CPR) so that they may help their fellow man in time of need.

Concerned citizens and officials are serving on emergency medical care committees throughout the state to guide the development and continual improvement of a comprehensive EMT system.

Lt. Santos, who coordinates the EMT program, has given lectures and demonstrations to several groups, including the employees of the Knights of Columbus Hall and employ-

ees of the Little People's College. Also, 17 classes for town employee recertification have been given by Santos and Faulkner. The recertification has to be done every two years, and is presently being done now through December.

Police Chief Moran said at a later date that 155 EMT runs to hospitals have been made so far this year. The EMT program has been administered by Moran and Santos for the past five years. Chief Moran said the EMT service is working very well in Mattapoisett. The recertification classes put on by the department with Lt. Santos and Officer Faulkner saves money for the town. Previously, "We had to go out of town for the recertification classes", the Chief said.

Lt. Santos said he is very pleased with the people who operate the service, and among those are five civilians with EMT training, who are beeped for an ambulance run. "These are very dependable people and we are lucky to have them."

National Merit Competition

TABOR ACADEMY

Tabor Academy has been notified that Catherine Harries '87 of Marion has been named a Scholarship Semi-Finalist, and James Bilodeau and Sandra York of Mattapoisett have been designated Commended Students in the 1987 National Merit Scholarship competition. These seniors placed in the top 50,000 of more than one million participants in the qualifying tests.

Participants entered the current Merit Program by taking the PSAT/MNSQT in October 1985, when most of them were juniors. Although their qualifying test scores are high, the 35,000 Commended Students scored slightly below the level required for Semifinalist standing in the Merit

Mattapoisett Commodity Program

October 9th and 10th have been chosen as dates to register for commodity distribution. Everyone who intends to participate in this program must register or re-register. Old cards will no longer be valid. Registration will be at the Legion Hall in Mattapoisett from 10:00 a.m. until 1:00 p.m. both days. Residents of Village Court will be re-registered at the court. Watch the bulletin board for details.

The Council wishes to emphasize that this program is not for the elderly alone. It is a needs related program and anyone who meets the guidelines is eligible. Anyone who does not meet the income guidelines regardless of age is not eligible. For more details call the Council on Aging office any weekday morning.

Here's how
Chiropractic treats
Overweight

Few people realize that there is a relationship between disturbed metabolism and overweight. The doctor of chiropractic applies his procedure to achieve balanced functioning of the organs of the body.

Doctors of chiropractic also know that balanced nutrition is one of the most important elements necessary to losing weight in a safe and stable manner. Likewise, it is important to the functional health and recuperative ability of the body.

That is why the doctor of chiropractic utilizes dietary management as part of his/her regular health care procedure. If weight loss is desirable, it will be recommended, based on a program which avoids shock to your system.

Insurance for Elders

ELDERS URGED TO BE CAUTIOUS WHEN BUYING INSURANCE POLICIES

The Mattapoisett Council on Aging urges elders to use good judgement and caution when choosing an insurance policy Although proper insurance is extremely important, especially having an appropriate medigap insurance to supplement Medicare, many advertisements are misleading in what they appear to offer. The National Association of Insurance Commissioners, the Health Care Financing Administration and the Social Security Administration have developed a set of guidelines to aid elders in thinking about their need for insurance.

-Don't buy more policies than you need. One good policy is enough.

-Check for waiting period. Don't cancel current coverage until new coverage begins.

-Check for pre-existing conditions and exclusions. Such exclusions reduce coverage for illnesses or injuries you may already have.

-Beware of the "government look". The federal government does not offer private health insurance to add to Medicare.

-Check your right to renew. Beware of policies that allow the company to refuse to renew your policy on an individual basis.

-Take your time. Beware of short enrollment periods.

-Beware of scare tactics. Ethical insurance companies and agents are not likely to resort to horror stories.

-Do not withhold medical information. Be wary of sales pitches which say you don't have to furnish

Mattapoisett Basketball

The Mattapoisett Recreation Commission has made several improvements for the upcoming basketball season. Our league will begin in November and end in February. There will be two officials for each game.

The Senior Division for boys in grades 7 and 8 will rename their teams after NBA teams. The Senior Division will be redrafted this season.

Junior Division for boys in grades 4, 5 and 6 will rename their teams after college teams.

TRYOUTS

Tryouts for both divisions will be held on Tuesday, October 14th, at 6:30 p.m. at the ORR Junior High School. All Mattapoisett boys are eligible and everyone will be placed on a team. All boys must attend whether or not they played last year.

Marion and Rochester boys in grades 7 and 8 are invited to participate in the Senior Division. All boys will be placed on a team.

INFORMATION: If you have any questions or cannot attend, call Barry Haskell (992-3767) before the tryout date.

Three coaches are needed for the Junior Division; if interested call Barry Haskell (992-3767).

ESTUARY ON WHEELS

On October 8th at 3:30 the Lloyd Center for Environmental Studies will be offering an interpretive program for children on estuarine ecology at the Southworth Library in South Dartmouth. Lloyd Center Outreach Program Coordinator Bill Chamberlin will present a slide-illustrated talk on habitats of the estuary followed by a demonstration of aquaria set-up. Children will have the opportunity to handle organisms found locally. The fully-stocked salt water aquarium will be left at the Library for the duration of COASTWEEK. COASTWEEK, September 20 - October 13, is a nationally recognized celebration of our precious, yet often threatened, coastal resources.

Join the Lloyd Center for Environmental Studies as it participates in this important nationwide event.

Millicent Library

FALL SERIES OF PROGRAMS

The Fall series of programs at the Millicent Library in Fairhaven will be held Wednesdays at 7 p.m. and Thursdays at 10 a.m.

The first program is this Wednesday, October 1st, with the award-winning film about the great photographer who captured the social history of the country's developing industry of the first four decades of the twentieth century. The film is "America and Lewis Hine". Hine photographed many local areas concentrating on textile manufacturing and the immigrant work force. Prints of Hine pictures will also be on display.

The film will be shown again on Thursday, October 2nd, at 10 a.m.

Arthritis Group

The New Bedford Arthritis Group will be meeting on Thursday, October 2nd, from 7:00 to 8:30 p.m. at the Buttonwood Library, 745 Rockdale Avenue, New Bedford.

© 1985 Diet Center
I kept gaining and losing the same 20 pounds. Then I said, this time it's going to be different.
I tried every pill, every gimmick to lose weight. Only to feel miserable when I gained it all back. Finally I said no, never again—this time I'm going to Diet Center. I lost the weight, without hunger. And I'm keeping it off.
My only regret? Not going sooner!

"We believe this is an exciting way to expose interested young swimmers to the YWCA's different type of swim team", explained Mark Gresens, YMCA Senior Program Director. "In the YMCA program, competition and winning are put into perspective. We have no try-outs, everyone swims, everyone has fun."

Practice time for the team will be on Monday, Wednesday, and Friday, 5:00 to 6:30 p.m., for junior swimmers, age 11 and under. Senior swimmers, age 12 and up, will practice Monday, Wednesday and Friday from 5:00 to 6:30 p.m., and Tuesday and Thursday, 5:00-6:00 p.m. The meet schedule will be announced in mid-October.

This year the YMCA has a new coach and assistant coach. Coaching this year is Robyn Silva, who has worked in YMCA Aquatics for 3 years and has been involved in competitive swimming for 6 years. As assistant coach, Catherine Alcaidinho has been involved in competitive swimming for 8 years as both coach and swimmer.

An introductory parent meeting is also scheduled for October 9th

FEDERAL EMERGENCY MANAGEMENT AGENCY
FEDERAL INSURANCE ADMINISTRATION
Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency
ACTION: Proposed rule.
SUMMARY:

Technical information or comments are solicited on the proposed modified base (100-year) flood elevations shown on your community's preliminary Revised Flood Insurance Rate Map (FIRM). These base (100-year) flood elevations are the basis for the floodplain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). The proposed base flood elevations modify the base flood elevations shown on your community's presently effective FIRM.

DATES:

The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the community.

ADDRESSES:

Preliminary FIRMs showing the proposed modified base flood elevations and their delineation are available for review at the Building Inspector's Office, Town Hall, 16 Main Street, Mattapoisett, Massachusetts.

Send comments to:
The Honorable John DeCosta
Chairman of the Town of Mattapoisett
Board of Selectmen
Town Hall
16 Main Street

SUPPLEMENTARY INFORMATION:

The Federal Emergency Management Agency gives notice of the proposed determinations of modified base (100-year) flood elevations, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 44 CFR 67.4 (a).

These elevations, together with the floodplain management measures required by Section 60.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

Pursuant to the provisions of 5 USC 605 (b), the Administrator, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that the proposed flood elevation determinations, if promulgated, will not have a significant economic impact on a substantial number of small entities. A flood elevation determination under Section 1363 forms the basis for new local ordinances, which, if adopted by a local community, will govern future construction within the floodplain area. The elevation determinations, however, impose no restriction unless and until the local community voluntarily adopts floodplain ordinances in accord with these elevations. Even if ordinances are adopted in compliance with Federal standards, the elevations prescribe how high to build in the floodplain and do not proscribe development. Thus, this action only forms the basis for future local actions. It imposes no new requirement; of itself it has no economic impact.

Proposed base flood elevations along flood sources studied in detail are shown on the Preliminary FIRM. Lessees and owners of real property in the Town of Mattapoisett, Plymouth County, Massachusetts, are encouraged to review these maps and related materials at the address cited above. The flood sources studied in detail are:

Source of Flooding	#Depth in feet above ground. *Elevation in Feet (NGVD) Existing	Modified
Buzzard's Bay	*14	*21
	*14	*14

NEAR CAPITAL CAMPAIGN GOAL

The Rotch-Jones-Duff House & Garden Museum, located at 396 County Street in New Bedford, reports nearing its Capital Campaign goal with over $360,000 recorded in pledges and gifts to date. The Campaign, launched at the end of March 1986, is under the leadership of General Campaign Chairman Christoph H. Schmidt, President of the Fairhaven Savings Bank, and Honorary Chairman Sarah R. Delano.

The Capital Campaign, with the theme "Enrich the Community", has four goals: completing the purchase of 396 County Street, restoring the historic landscape, furnishing and preserving the House, and beginning an endowment.

Campaign has demonstrated the wide-ranging support for preserving the House and Garden Museum as a unique cultural asset. The final community-wide outreach is slated for October in order to attain the $500,000 goal. The Rotch-Jones-Duff House & Garden Museum is a private non-profit organization. All gifts are tax deductible. For further information call 997-1401.

Oktoberfest Concert Series

The Boston Saxophone Quartet will open the Rotch-Jones-Duff House & Garden Museum "Oktoberfest" concert series on Friday evening, October 3, at 8 p.m. Concerts are open to the public and there is no admission charge. The October series is sponsored by the Fairhaven Savings Bank. The Museum is located at 396 County Street in New Bedford.

The Boston Saxophone Quartet, one of the very few saxophone quartets in this country, is a unique blend of musicians combining a tremendous range of experience in wind performance. Under the leadership of Kenneth Radnofsky, the Quartet recently provided the soundtrack for the PBS special, "The Cafeteria", by Isaac Bashevis Singer, with music by Leopold Godowsky

III. Mr. Radnofsky has performed as soloist with the Boston Pops, the Philadelphia Orchestra, the Oregon Symphony Orchestra, the Marlboro Music Festival and the Santa Fe Opera. All of the members of the Quartet have performed in concert with the Boston Symphony Orchestra.

The Rotch-Jones-Duff House & Garden Museum is a non-profit organization. The Boston Saxophone Quartet opens the Fairhaven Savings Bank concert series to be followed by: Jane Hirshberg and Julie Nishimura (a flute and piano duo) on Friday, October 17th, and Gray Sargeant and Marshall Wood (guitar and bass duo) on Friday, October 31st.

Lecture on Victorian Silver

On Wednesday evening, October 1st, at 7 p.m., the Rotch-Jones-Duff House & Garden Museum will host a lecture on the subject of "Victorian Silver". The speaker will be Mr. V. Stephan Vaughan of Ray K. Eyges, Inc. of Boston. Mr. Vaughan will discuss silver found in the Victorian home, as in the Rotch-Jones-Duff House in the mid-19th century. Examples of silver tea sets, snuff boxes and flatwear, as well as antique silver jewelry, will be examined.

QUILTING WORKSHOPS

Quilting with Van Nessa, an eight-week course for beginners, will be offered at the Green Briar Nature Center in East Sandwich on Tuesday mornings, meeting from 9:30 to 12 noon, from October 7th through November 25th. Five different patterns will be included to make into pillows, tea cozies and miscellaneous items. The course will conclude with the popular Cathedral Window.

Quilting bee workshops for those with some quilting experience to help complete and assemble a quilt will be conducted during these same Tuesday afternoons from 1 to 3:30. The cost for either morning or afternoon sessions is $35. for members of the Thornton W. Burgess Society; $42. for non-members.

Call 888-6870 for registration information now as space is limited.

POETRY IS TOPIC

Gene Grace will give an "Introduction to Poetry" at the YWCA Wednesday Luncheon on October 8th.

The cafeteria-style luncheon begins at 11:45 a.m. and is open to the public.

CLASSES

Women Look at the Stock Market is a new class at the YWCA. The class, which begins October 7th from 1:30 to 3:30 p.m., deals with investing in the stock market, developing goals and philosophy of investment.

For women who have some familiarity with the stock market, a Women Look at the Stock Market Part II class will begin on October 28th from 1:30 to 3:30 p.m. The class will investigate methods of stock selection, and familiarity with the basic information for participating in investment clubs.

Watercolor classes will begin at the New Bedford YWCA on Monday, October 6th, from 1 to 3 p.m. Instructor Mary Lindenberg will guide
